

# Save Our Dale

What the view of Long Ashes from the B6160 should look like on Tour de France day 2014 - and forever after for all future generations!

## Grassington Town Hall Tuesday 4th June 10 am

What the view of Long Ashes from the B6160 could look like on Tour de France day 2014 and possibly forever after if Lakeland Leisure get their way and expand their site onto green field meadows they own.

The National Park has refused Lakeland Leisure's application to greatly increase the size of their site. The refusal has now been appealed.

Please come to the Appeal Hearing at Grassington Town Hall on June 4th at 10 am to show the Planning Inspector that we care about our beautiful Dale. On June 4th these old meadows could be lost forever, for all future time!
